Combine flipped letters with word fragments to form complete words in your telegram.

Unlock perks and achieve scoring objectives based on which letters you use and the words you spell.

The diagram shows the game components and how they are used to form words. At the top, there is a row of icons representing different perks: a battery, a lightning bolt, a wheel, a lightning bolt, a star, a lightning bolt, a lightning bolt, a star, a lightning bolt, a star, and a lightning bolt. Below this, there is a table showing the point values for words of different lengths. The table has three rows: 4-letters, 5-letters, and 6-letters. The columns represent the length of the word (4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14). The point values are as follows:

Word Length	4	5	6	7	8	9	10	11	12	13	14
4-letters	3	3	4	4	5	5	6				
5-letters		5	6	6	7	7	8	9	10		
6-letters			7	7	8	8	9	9	10	11	12

Below the table, there are two achievement boxes. The first box is titled 'Complete 2 words of any length with at least 3 vowels each.' and shows two medals: a 1st place medal with the number 9 and a 2nd+ place medal with the number 6. The second box is titled 'Upgrade your word point values at least 6 times.' and shows two medals: a 1st place medal with the number 4 and a 2nd+ place medal with the number 3.
